

INTERNATIONAL PRIZE FOR ARCHITECTURE

Barbara Cappochin International Prize 2005, Igarashi Jun, architect

BIENNIAL BARBARA CAPPOCHIN PRIZE 2009

The third edition of this biennial prize aims to heighten awareness and associate the different actors in the world of architecture: **planners, builders and customers**, in promoting the quality of planning and construction, in natural and urban contexts.

The international prize will honour an architectural work, completed **between the 1st July 2006 and 30th June 2009**, that expresses a **vision of the future as an expression of respect for the past**.

Organised by the **Barbara Cappochin Foundation**, this international prize is approved by the **International Union of Architects (UIA)** and the **National Council of Italian Architects, Planners, Landscape architects and Conservationists (CNAPPC)**.

CHARACTERISTICS OF SUBMISSIONS

The prize is open to architects worldwide or multidisciplinary teams led by architects. Works can belong to any of the following categories:

- **Public or private residences**
- **Commercial, administrative, or mixed use buildings**
- **Public facilities** (educational, cultural, sports, leisure or health care)
- **Landscape architecture**

PRIZES

A number of prizes will be awarded:

- An **international Grand Prize worth 65 000 euros**
- A special prize of **6 000 euros** for quality detail in architectural and construction elements
- A prize of **6 000 euros** will be awarded to a realisation located in the **province of Padua**
- **Giancarlo Lus Gold Medal** will be awarded to the most innovative work in the field of energy saving and renewable technologies.

**Barbara Cappochin International Prize 2007
Matti Sanaksenaho, architect**
